Frank K. passed out a variety of selected grades of numbered Indian Cents to the attending members asking that they individually grade the pieces, and then telling his reasoning for the grades of those pieces. Frank told and showed some of the differences between the older "Red Book" grading systems compared to the newer grading systems. They were quite different in most cases, which naturally effects pricing greatly.

### *September Business*

Our Christmas Party this year will be on Tuesday evening, December 8th. We will be discussing the system for choosing our "Holiday Door Prizes" which always seems to be in question.

Also, we will be discussing our club's November election for Coin Club officers.

### *September Program*

The September club program will be Paul DeFelice, Vice President of Customer Relations and Marketing at ANACS. ANACS was created by the American Numismatic Association (ANA) with a mission to correct an urgent problem facing the coin hobby--counterfeit coins. As we know, the ANA is a century-old, not-for-profit educational association for collectors of coins, tokens, medals and paper money based here in Colorado Springs.

### *October Program*

For our October program we will be having member, Terry C. present "The Numismatic Art of Laura Gardin Fraser". Laura Gardin Fraser (1889-1966) was an American sculptor and the wife of sculptor James Earle Fraser. She had studied under Fraser at the Art Students League of New York from 1910 to 1912. Alone or with her husband she designed a number of U.S. coins, notably the Oregon Trail Memorial half dollar.

### *ANA's Web Space Page*

Our website can be viewed at ([csccl.anaclubs.org](http://csccl.anaclubs.org)) or ([csns.anaclubs.org](http://csns.anaclubs.org)). We do need members help with this website and ask for any ideas for adding information, articles, and art work to the site. Our monthly newsletters and all club information can also be viewed on the website.
