MORGAN AND PEACE DOLLAR RELEASE DATES

New release dates have been announced for the Morgan and Peace Dollars.

August 3 at 10 AM MDT: Morgan dollars with D and S mint marks.

August 10: Morgan and Peace dollars with no mint mark, both representing Philadelphia.

The release of the Air Force medal on July 13 went smoothly. Unfortunately the release of the new silver eagle did *not*, so the mint may adjust their schedule again.

The advice given before—be ready with their website loaded and all your payment info entered at 10 AM *sharp*—will undoubtedly still apply when the releases happen.

PROTECT THEM**

In most jurisdictions, there will be an investigation if you use a gun or any other legal weapon to stop a threat. This means merely displaying your firearm, whether you pull the trigger or not. The legal system can be hostile, even if you did nothing wrong.

Because you are concerned about the consequences of doing what’s legally right, we offer comprehensive protection for both criminal and civil defense – whether it is a minor accident or major life-altering situation.

WE WANT WRITERS!

You may have noticed we've been including articles towards the end of the newsletter. Steve D. has done a few, and Kevin L. has contributed one as well. We've also brought in a guest writer from the Elgin Coin Club. But it would be very nice to publish things written by other club members as well. Please let us know if you have anything to share. (Text documents greatly preferred over PowerPoint.)

We got 13 out of 15 right. One question was a “trick” question...the silver dollars were *dated* 1964 but were *minted* in 1965. Of course, we fell for it.

1. The Coinage Act of 1873 ended bimetallism in the U.S. What act of Congress resulted in the beginning of Morgan dollar production?
Bland-Allison Act of 1878
2. Morgan dollar dies outside of the mint in Philadelphia were often hard to come by. One mint realized early on that they could lengthen the life of the dies if they reduced the coining pressure. Which mint was notorious for weakly struck Morgan dollars?
New Orleans
3. The initial Peace dollar design included a design element that many found objectionable. What was this element, and what famous coin designer eliminated it with a successful re-engraving?
Broken sword; George T. Morgan. Morgan adjusted Anthony de Franchisci's design.
4. A famous final minting of Peace dollars took place, with no examples released into circulation. In what year were these pieces produced?
1965. Produced in Denver, the coins were dated 1964.
5. Eisenhower proved to be a bold, effective leader in World War II. What financial system was established by Allied nations near the end of the war to strengthen international monetary stability?
The Bretton Woods System. The system led the way to the establishment of the International Monetary Fund in December 1945.
6. In 1974 President Richard Nixon issued a proclamation on the redesign of three circulating coins to celebrate the U.S. Bicentennial, including the Eisenhower dollar. The proclamation was made in conjunction with what annual event?
National Coin Week
7. What island was famous for producing the most bold and beautiful ancient Greek coins, hiring famous artists to design them and even sign their names on the dies?
Cicily [Sic! I presume the ANA didn't count off for spelling—Ed.]
8. What dynasty's bronze coins featuring the Greek god Zeus on the obverse and an eagle on the reverse were some of the largest in the ancient world?
Ptolemaic Dynasty
9. What medieval dynasty's reforms re-established the silver denarius (denier, penny) as the principal coin in Europe?
Carolingian Dynasty
10. China is known for its bold innovations in money. What is the term for the big, ingot currency used in Chinese commerce for more than 2,000 years? (two terms accepted)
Sycee or Yuanbao
11. What country was the first to convert to a decimal currency system?
Russia, in 1704 (China also accepted)

12. The United Kingdom and Ireland converted to a decimal currency system 50 years ago on February 15, 1971. What three new British decimal coins were put into circulation before this date?
5 pence, 10 pence, 50 pence
13. Producing money in the American colonies in defiance of the British crown was a bold and dangerous concept. What colony first produced its own coins and paper currency?
Massachusetts Bay Colony
14. Which U.S. commemorative coin is noted for having the highest denomination?
1915 S Panama-Pacific Exposition \$50 gold piece, round and octagonal
15. The Great Depression required bold action to revive the economy. What act of U.S. Congress prohibited the redemption of paper money for gold?
Gold Reserve Act of 1934

This wasn't a complete loss for the Club, however. We received this medal which will be auctioned off with proceeds going to the club treasury:
